COLORED WOMAN IS MURDERED

Husband Puts Arm Around Her and Stabs Her to Death on Streets Saturday Night

Italy Taul Kemper, colored, was stabbed to death Saturday night by her husband Geo. Kemper, but who goes under a number of different names. From the best information we can get it seems that the man came up to his wife and drew a large knife from his pocket and said "See this knife? Well I am going to kill you with this" and the woman is said to have replied "Go on, you haven't got nerve enough to kill anybody." With this the man stepped up to her and placing his left arm around her shoulders held her and stabbed her several times killing her almost instantly. He then turned and ran and up to the time of our going to press had not been captured. This is one of the most horrible crimes that has been committed in this city in many years and when captured the most extreme penalty should be given the murderer. It is reported that earlier in the week the man had badly beaten the woman and knocked her in the head with a skillet. Kemper is a strange negro in this section and is said to have come from Tennessee where he had the reputation of being a "bad" negro.

TO MARRY PARIS MAN.

Mrs. Manye Harper and Mr. Strander Puynter of Paris will be married tonight at Lexington. The Rev. Mark Collis will perform the ceremony.

Miss Harper has lived here for a number of years and by her pleasant affable manner has endeared herself to a large number of friends who will be interested in this announcement. The wedding which is to be a very quiet affair will take place at the residence of Mrs. J. D. Foster a sister of the groom. Mr. Puynter is known to but few of the people of this city but is said to be a splendid gentleman. The Advocate joins friends in extending best wishes.

OLD LADY DIES.

Mrs. Katherine Wills, of Means, Ky., widow of the late Nim Wills died at her home near Means, Ky. Friday of the infirmities incident to her advanced age. She was a member of the Baptist Church and was a woman greatly loved by all who knew her. Funeral services were conducted Monday afternoon by Rev. J. A. Amburgey with burial in the family cemetery.

DIES IN LEXINGTON

Mr. William Langston, son of Mr. Joe W. Langston died at a Lexington hospital Sunday morning after a protracted illness. His body was brought to this city Sunday afternoon. Funeral services were conducted Tuesday morning by Rev. Clyde Darsie of the Christian church assisted by Rev. B. W. Trimble with burial in Maplelawn Cemetery. Mr. Langston was a painter by trade and up until a few months ago made his home in Lexington but when his health became bad he moved here in the hope that the change would prove beneficial, however he gradually grew worse and he was finally taken to Lexington for treatment, but to no avail.

Will Langston was a good natured, wholesome man and the news of his death will be received with sorrow. Besides his father and several brothers and sisters he is survived by his wife and four children all of whom have the sympathy of the entire community.

RETURNS TO BANK.

Mr. C. B. Patterson, for several years cashier of the Mt. Sterling National Bank but who resigned several months ago to accept the position as Field Representative of the Chemical Bank of New York City has resigned his position with that institution and has returned to the Mt. Sterling National as Vice-President. Mr. Patterson during his years of service with the bank made many friends who will be pleased to learn of his return to this city.

PAXTON ON THE JOB.

Mr. Claude Paxton, formerly of this city but who has been living at Huntington, W. Va. for some time has returned to this city and has been appointed Agent of the Adams Express Company. Mr. Paxton has had many years experience in this character of work and being competent and of a genial, happy disposition will make a splendid man for the place. We welcome Capt. Paxton and his good wife back home.

ARRIVED IN FRANCE.

The following letter was received from a well known colored man who is serving his country in France.

Dearest Mother—I am well and getting along fine. We are having some fine weather. I will send you some money after the next pay day. It will get there soon. Love to all the folks at home.

COUNTY BOARD OF SUPERVISORS

Adjourns After Busy Session Covering Nearly a Month. Spent Showing Made

After a session covering nearly a month of arduous labor, the County Board of Supervisors has adjourned. To comply with the demand of the State Tax Commission a raise of ten per cent will be necessary on real estate and tangible personal property, to increase the valuations one million dollars.

The statement of the local board members to the State Tax Commission, is of public interest, and is as follows:

"Mt. Sterling, Ky., May 29, 1918. Kentucky State Tax Commission, Frankfort, Kentucky.

"Gentlemen:—

"Having finished our labors, we beg to leave to submit for your consideration the following facts:

"When we convened, we found that the assessment for this county was in a very bad condition, due to a combination of circumstances. As is known by the members of your commission, the County Assessor, Mr. James T. Barnes, was stricken with small-pox during the very time he ought to have been performing his duties and was confined to his home for many weeks. This necessitated his calling to his aid a number of friends to assist him in their several communities. These men were appointed Deputies; they had little, if any previous experience and little knowledge of the provisions of the new tax laws. No two of them worked upon the same basis, in fact no system or plan seems to have been followed. As a result many inequitable assessments were made and irregularities in large numbers were found by us. To equalize one taxpayer with another, we were compelled to and did reduce many assessments as well as raise many.

"In doing our work we have endeavored to do justice to every taxpayer and at the same time perform our duty with fidelity to the County and State.

"Our assessment as presented to us was as follows:

The recapitulation as shown by the Assessor's return (the exemptions and intangible personally having been deducted) \$ 8,741,105
Total net increase less on "Intangible" 179,385

Total on lands, townlots and tangible \$ 8,920,485

The assessment as finally completed by us is as follows:

Grand total—recapitulation \$10,208,645

Grand net increase 296,929

Grand total assessment \$10,505,574

"In your valued favor of April 4, 1918 you indicated that any shortage could be covered by a flat increase rather than summon every taxpayer in the county before us. "To bring our assessment up to your requirements would necessitate an increase of 10 per cent on \$8,920,485.00, which sum represents the total assessment on lands, townlots and tangible personal property, which said increase would be in actual figures \$1,071,433.00, including the raise of \$179,385.00 as put on by the Board.

"In all due deference and in view of the handsome increase already shown in our assessment, as finally passed upon by us, as compared with last year, we are yet hopeful that your Commission can see its way clear not to exact of us a further increase.

However, if your action is final, then we suggest that the required increase be had by applying a flat increase, as above mentioned.

With utmost respect, we are,

NO NEW TRIAL FOR P. C. EUBANK

Court Overrules Motion of Defendant Who Will Take Case to Court of Appeals

Circuit Judge William A. Young Monday overruled the motion of Porter C. Eubank for a new trial and the attorneys for the defendant announced their intention of carrying the case to the Court of Appeals. On their motion they were given until the third day of the October term of the Montgomery Circuit Court in which to prepare and file bill of exceptions. The case will then go to the Court of Appeals and will likely be docketed at the January term. In the meantime the defendant will remain in jail here. The grounds for a new trial were that the Court upon the trial excluded competent evidence offered by the defendant and mis-instructed the jury, to his prejudice. He was represented upon the hearing of Hon. E. P. Morrow of Somerset, Judge C. C. Turner of Frankfort and Mr. C. W. Nesbit of the local bar, while Commonwealth's Attorney Hamilton was assisted by Messrs. R. A. Chiles and W. B. White.

Due to the prominence of the parties the court room was well filled with interested spectators. Mr. Eubank was convicted for the killing of Mr. Henry Ringo by a jury selected from citizens of Madison county and was given sentence of ten years, at the last January term of court.

CHARGED WITH FALSE SWEARING

John O. Kidd a young man who testified in the trial of Porter C. Eubank at the last term of our court for the defendant, was indicted by the grand jury at the present term charged with false swearing. It is alleged that young Kidd testified that he was in the store room and saw Porter C. Eubank shoot and kill Henry M. Ringo and that he saw Henry M. Ringo throw up his hands and drop a knife from one of his hands after he was shot and saw Steve Henry, a clerk in the store of said Ringo pick up said knife and lay same on shelf under the counter. All of which the commonwealth alleges to be untrue.

Immediately upon a return of the indictment young Kidd was arrested at his home in Kokomo, Indiana and Sheriff John G. Roberts will leave tomorrow for that city to bring him to Mt. Sterling.

TEACHERS ELECTED MONDAY

At a meeting of the School Board Monday night the following teachers were elected for the coming term. Mrs. Sophia Randal, Misses Lucy Owings, Lucille Hardin, Flo Shirley, Eliza Harris, Elizabeth Dargson, Bessie Robinson, Mattie Hoffmann and Vivian Alfrey and Miss Elizabeth Lockridge was elected assistant in the elementary school. In the High school Mrs. Ben R. Turner was elected Principal and Instructor in foreign languages, Miss Mary Welsh, teacher of Mathematics, Miss Alice Cassity, English. There is one other teacher yet to be chosen in the High school. Supt. W. O. Hopper was re-elected for a term of two years.

Most of the teachers named above have been connected with the school for some time.

COUNTY LEVY FIXED

The Fiscal Court met in regular session today and did little business other than the fixing of the county levy for the present year at fifty cents on the hundred dollars worth of taxable property. For many years this levy has been sixty cents and this decrease of sixteen and two-thirds per cent will do much to prevent taxes this year from being much more than they were heretofore, notwithstanding the big boost demanded in valuations by the State Tax Commission.

MORE SOLDIERS THIS MONTH

Reports That 280,000 Will Be Sent to the Various Camps during June.

Official announcement has been made from Washington that 280,000 men will be called to the colors during June. They will be ordered to report June 4th, but it has not yet been determined to what camps they will be sent as the list of apportionments is at present withheld.

The quota is based on estimate of the space available for the men in camps and cantonments. If the rate of shipment of troops across the seas is raised more than 280,000 will be called, in any event it is said that enough men will be called for special service to bring the number up to 300,000. As yet the local board has received no instructions regarding our quota.

DESERTER CAPTURED

Billy Waters of Menefee county alleged to be a deserter from the U. S. Army and who it is claimed has been running a moonshine still in Menefee county for several months was captured there and brought to this city Saturday. From the best information we can get Waters went to the home of Mr. Davis Hamilton and began shooting among his stock and when Mr. Hamilton remonstrated with him Waters shot at him twice. Mrs. Hamilton who is a rather large woman grabbed Waters and her husband tied him with a plow line and later telephoned the officers to come after him.

Even though you have not turned in a single subscription so far, if you will get busy this week and win one of these prize ballots, you can place yourself right in line for the grand prizes. This is your chance to make good with your friends. It doesn't pay to cry over spilled milk or grieve more than a dollar's worth over a lost dollar. If some of the contestants have a few more votes in the published list than you have, don't be discouraged and stop the good work of securing votes and subscriptions. Determined effort will be well rewarded in this big campaign. If you show by your work in interesting your friends that you are in the contest to win, your friends will gladly give you their support. Every reader of the Advocate is going to cast his or her votes in this great election and the great majority will cast their votes for the candidates who show some inclination to help themselves. Right now is the time to convince your friends.

WONDERFUL OPPORTUNITY FOR WORKERS IN BIG RACE

Work done these days will easily bring success to contestants in The Advocate's big prize race. The laggard, unwilling to work or devote any of her spare time or thought to this campaign, however, will reap no reward.

If you are alive, awake to opportunity, willing to give some of your spare time to this proposition whereby hundreds of dollars in prizes are at stake—then you should be a candidate in this campaign. You should send in your name today.

You can secure a \$490 automobile or any of the many costly prizes for a few weeks spare-time work. It's not hard to secure subscriptions—you are giving your friends the full worth of their money when you sell them The Advocate. You, yourself, will be surprised to see how willing your friends are to subscribe in your favor if you show some inclination to help yourself by calling their attention to this matter.

Your opportunity, then, to win a prize that will pay you many times for your effort, is here. All that is necessary is that you take advantage of it.

Don't lag in the campaign—don't hesitate or be timid about your race. Go right to it and keep right at it. Give your campaign as much of your spare time as possible. Call your friends by telephone. Write them letters—we will furnish you letters for this purpose. Have a personal talk with all those friends and acquaintances whom you can see conveniently—show them you really want to win and then they will give you liberal support.

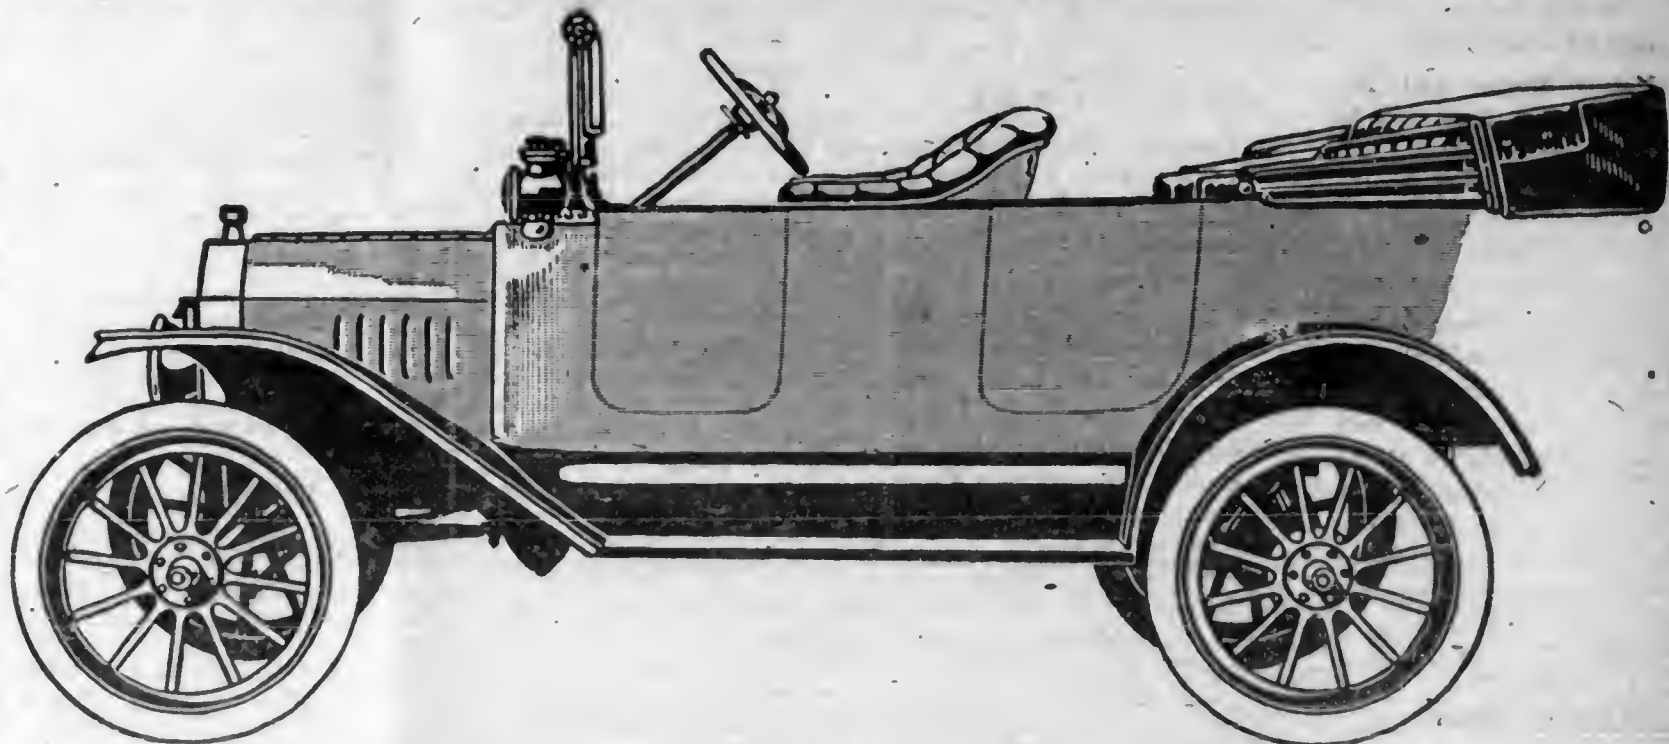

Don't think you haven't a good chance if you enter now. You have every chance. No candidate has a lead that cannot be overcome with a very little effort. Most of the candidates seem to have the Spring fever and very little work is being done by any of them.

The only thing that will keep you from winning is you, yourself. If you go in, determined to be successful, YOU WILL BE. It's up to you entirely. If you want an automobile or a few hundreds in cash—and we think you do—get into the campaign and get busy.

Just a few subscriptions will bring your standing right up among the leaders—then your friends will see that you are making an active race and will be more willing to help you.

150 EXTRA VOTES WILL BE GIVEN FREE ON EACH CLUB OF NEW SUBSCRIPTIONS TURNED IN BEFORE NEXT TUESDAY, NIGHT, JUNE 11th, AT 8 O'CLOCK.

DEATH OF MRS. QUINN

Mrs. Mary Quinn, wife of Mr. Tony Quinn, died at the Hazelwood Sanitarium, Monday, May 27th, after a long illness of tuberculosis, and the remains were brought to this city Wednesday, and after services were laid to rest in St. Thomas' cemetery. Mrs. Quinn was the daughter of Thomas Carmody, of Clark county, formerly of this county, and was a lovely young woman. She was one of the brightest girls we ever knew; her

brilliant mind being a storehouse of much information and knowledge, and her Christian character showing goodness and mercy everywhere. Mrs. Quinn and her husband lived at Flat Creek for many years, and hundreds of friends all over this section will read the news of her death with much regret. The world is much better for the living of Mrs. Quinn and in her death the community is made poorer, indeed.

COTTAGE CHEESE SALAD

Cottage cheese lends itself especially well to salads. If enough is used the salad may serve as the main dish of the meal. French mayonnaise and boiled dressings all go well with cheese salad. The cheese may be formed into balls or slices, it may be molded in tiny cups or passed through a pastry tube.

Variations—Foods that combine well with cottage cheese in salads are crisp fresh vegetables, cooked or canned vegetables, fresh, dried, canned or preserved fruits, nuts, olives, rice, potatoes. With the two last some highly flavored and bright garnish, like pimientos or green peppers, should be used, and celery, cucumbers, green peppers, crisp lettuce or cabbage should be used to add succulence.

Menu—For a hearty luncheon or supper: Tomato soup, cottage cheese and potato salad with French dressing and garnish of sweet pickles and pimientos, oatmeal biscuits, cocoa or coffee, raisin cornmeal cookies.

SALAD COMBINATIONS

Two cups cottage cheese, 1 cup pickled beets, cut up, mix and add salad dressing.

This makes a very pretty red salad. Serve on crisp lettuce.

One cup chopped cabbage, ½ cup chopped celery, 1 cup chopped apple (red peeling may be left on), add cottage cheese salad dressing and serve on lettuce leaf.

SALAD DRESSING

One-half cup milk, three-fourths cup vinegar (not too strong), 1 egg, 1 cup soft cottage cheese, 1 cup sour cream, whipped; 1 teaspoonful salt, 1 teaspoonful mustard, one-half teaspoon paprika, 2 teaspoons flour, 1½ teaspoons melted butter.

Method—Mix the dry ingredients together and cream them with the melted butter. Add the creamed mixture to the heated milk and stir until very thick. After the mixture has boiled add vinegar slowly, stirring all the while. Cool slightly and add beaten egg. Put the cottage cheese through a sieve if necessary to break up lumps. Using an egg beater, beat the cottage cheese gradually into the dressing until smooth. Lastly fold whipped cream into dressing.

COOKED SALAD DRESSING WITH COTTAGE CHEESE

One-fourth tablespoon mustard, ¼ tablespoon salt, 2 tablespoons flour, 1 tablespoon sugar, ¾ cup sweet milk, ¼ teaspoon cayenne pepper, 4 tablespoons cottage cheese, ½ teaspoon soda, 2 eggs, 2 tablespoons butter, ½ cup vinegar.

Rub together the dry ingredients and add egg yolks slightly beaten. Add melted butter, cold milk and hot vinegar in the order named, stirring until perfectly smooth. Cook the mixture in a double boiler until thickened. To the stiffly beaten whites of eggs add 4 tablespoons of cottage cheese, which has first been neutralized with the soda and fold this mixture into the cooked dressing. Set the pan into a bowl of cold water and beat well until cool and smooth.

GOVERNMENT FIXES PRICE OF OIL SOLD TO ALLIES

The price of gasoline to the allies was fixed last week by the oil division of the fuel administration as follows: F. o. b. gulf ports, 21 cents per gallon; f. o. b. Atlantic seaboard, 23½ cents per gallon. United States navy specifications in both cases. At the same time the price for aviation naphtha was fixed. Fuel oil prices were fixed as follows: Gulf ports, 5½ cents; British admiralty specifications, 5¼ cents; United States navy specifications, Atlantic seaboard, 7½ cents. United States navy specifications.

Twelve Tire Tests No. 5

This series of twelve tests is designed to take the uncertainty out of tire buying.

Price

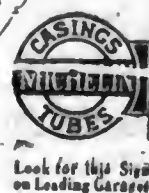

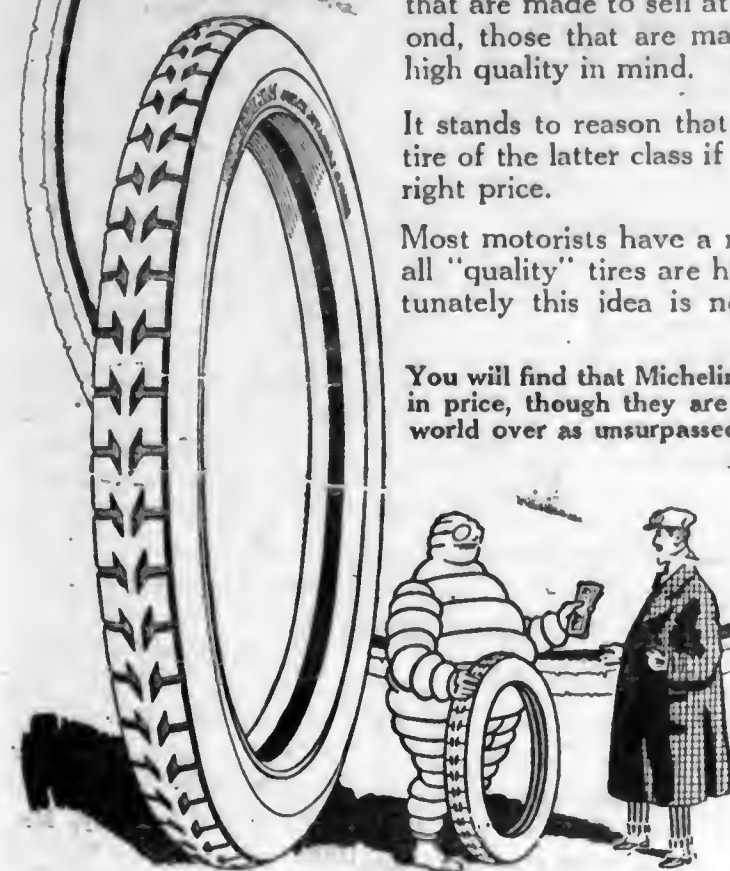

YOU owe it to yourself before deciding on which tires to buy to compare the prices of various standard makes. You should, of course, also remember quality.

For there are two distinct classes of tires—first, those that are made to sell at low prices; and second, those that are made with the ideal of high quality in mind.

It stands to reason that it is better to buy a tire of the latter class if you can get it at the right price.

Most motorists have a mistaken notion that all "quality" tires are high-priced. But fortunately this idea is not founded on fact.

You will find that Michelines are moderate in price, though they are recognized the world over as unsurpassed for durability.

GERMAN SHELLS COULDN'T DOWN "U. S." ON CHURCH

Members of the American Labor Mission believe they found a good omen in the ruins of the imposing St. Louis cathedral at Verdun which they viewed during their recent trip to the fighting front in France. Before the cathedral was subjected to shellfire the word "Louis" stood out in bold relief on one part of the building. A shell, or possibly two or three of them, frenkishly tore away the "L," the "O" and the "I," but left intact the "U. S." In addressing mass meetings in France and England the Americans symbolized the incident with the outstanding part the United States is destined to play in the conflict.

HERE'S WAY TO WEIGH ICE WITHOUT SCALES

With the approach of hot weather and more frequent calls from the ice man Mrs. Housewife will find herself frequently thinking the "ice-man" has delivered her short weight. Oscar M. "Get the number of cubic inches that the block contains and divide by 30," is his formula.

WRONG IN PRINCIPLE.

We have too high regard for the splendid citizenship of Bourbon county to believe that the recent passing of handbills by a Ku Klux band, in a negro settlement, warning them to go to work, was the act of any but a few unthinking people. We fully appreciate how aggravating it is to need hands and meet with flat refusals to work on the part of noble-bodied men and especially is idleness reprehensible in times of war, but "two wrongs don't make a right." It is a felony under our law for men to band themselves together and engage in acts of intimidation. The result desired is very praiseworthy, but the method employed is wrong in principle.

Unfortunately the vagrancy law adopted at the last session contains no emergency clause and does not therefore become operative until June 20th. After that time we are sure the judges of our city, county and circuit courts will enforce this law in all cases brought before them. The arresting of such offenders, however, devolves upon the sheriff and his deputies and the members of the police force. As soon as this law becomes effective any one knowing of a violation of this law should report it to one of the officers named and the law should be permitted to take its proper course. We oppose idleness, but always rely upon the law for redress. Any other course brings reproach upon the community in which it occurs.

A Winchester plumber looked for a leak in a gas main with a lighted match, which proves that all the fools are not yet dead.

COLORED BOY KILLED.

Ernest Conner, son of Robert Conner, a highly respected colored man living on the farm of Mr. Rex Hall was killed Friday about noon. It seems that young Conner who was only fourteen years old had gone to the farm of Sam Jones to plow for him and had ridden a horse to the farm and when he got there he forgot to remove his spur and when he jumped on the mule he was to plow the spur struck him and he began to jump, the boy clinched his heels in his flanks forgetting about the spur and the harder he held on the more the mule jumped and finally threw him but the spur caught in the harness and the mule becoming frightened ran off dragging and kicking the boy to death. Although only a boy he was one of the best thought of darkies in the neighborhood in which he lived, was always at work and was polite and honest. Funeral services were conducted Sunday with burial in Olive Hill cemetery.

KU KLUX KLAN OUT

A good deal of trouble to secure work hands has been had in Bourbon county and on Saturday night a Ku Klux gang in automobiles and on horse back with their horses and machines covered with sheets paraded through Paris and distributed notices printed in red as follows:

"Notice"

Everybody must work.
Work means six days a week.
No loafing will be allowed here.
No disloyal acts, no foolish talk tolerated.

This means everybody.

It is reported that since then that laborers have been secured with less trouble than before as it is intimated that the gang will return next week and deal with those who have not gone to work.

WOODFORD STOCK FARM

SEASON 1918

STERLING CHIEF 2079

Will make the season of 1918 at Woodford Stock Farm, one mile South of Mt. Sterling, Ky., at

\$15 to insure a Living Colt.

This horse is ideally bred, being by Bourbon Chief 976, dam Bessie Lee 1438, by Forrest Deumark 153, who has over fifty colts to his credit that sold for an average of over \$50.00 each. Second dam by Blue Jeans 3.

As an individual Sterling Chief is what a stock horse should be:

Fine, plenty of type and finish, good size, 15 3/4 hands high, weight 1150 pounds, splendid bone and foot, action absolutely straight and true in all five gaits, perfect disposition and a natural tilted horse, this feature being of importance to breeders, having never been worked on in any way. Color, rich dark chestnut.

As to his produce he has sired seven that brought an average of \$1357, and an indefinite number that sold for four or five hundred. His colts mature into the right kind for using horses as well as for show, as they have intelligence and can quickly be made into either driving, combined five gaited or running-walk horses.

SUBMARINES SINK SHIPS

Germany Sends U-boats to American Waters and Sinks Defenseless Vessels

Nine American vessels were known tonight to have been sunk by German submarines off the North Atlantic coast since May 25.

The last to fall prey to the raiders, which are seeking to prevent the sailing of transports with troops for the battle fields of France, was the New York and Porto Rico liner Carolina of 8,000 tons, which was attacked Sunday night about 125 miles southeast of Sandy Hook. The fate of her 220 passengers and crew of 130 who took to the boats when shells began to fall about the vessel, is unknown. Not a life was lost in the sinking of the other ships, according to late reports.

Germany at last has brought her submarine warfare to the shores of the United States, apparently in a foreboding hope of striking a telling blow on this side of the Atlantic and of drawing home of the American naval forces from the war zones where the Uboat menace is being slowly but surely strangled to death. In the attack upon coasting vessels almost in sight of the New Jersey shore reported Monday, navy officials see a frantic admission from Berlin that the submarine has failed. American armed power is rolling overseas in ever increasing force, despite the utmost exertions of the undersea pirates of the coast of Europe.

Now the raiders have crossed the seas and lurked for days near America's greatest port. They no doubt were sent to sink transports; but here again they failed. Blocked off from the troop ships by convoy craft they have turned in fury against defenseless ships. In all the record of destruction they have written, the raiding party has struck at no vessel bound overseas and therefore armed for a fight. Only ships that couldn't hit back have been attacked. The only one of half a score of vessels probably sent to the bottom that had any real military value in shipping or cargo was an oil tanker.

Up to a late hour Monday, the destruction of five sailing craft and the tanker Herbert L. Pratt was the record of losses officially reported to the Navy Department. The fate of the coastwise liner Carolina, which reported by wireless yesterday that she was being shelled, was still unknown. The crews of some of the craft destroyed have been brought into port with a story of 11 days' imprisonment aboard an enemy submarine.

During that period scores of troops and supply ships have passed in and out on the business of crushing the German army in France. The Uboat found no weak link in the chain of armed craft that guarded them. Secretary Daniels went to the capital during the day to tell members of the House Naval Committee that the raid was designed to frighten the American people into demanding the return of war vessels from the other side. He gave assurance that Congress need have no apprehension as to the protection of the American coast and that there will be no recall from the war zone.

GOOD BOY SINGER

A LETTER FROM "OVER THERE"

The following letter from E. T. Shoemaker, who is now stationed "somewhere in France," to his father, will be of interest to many of our readers:

"4-28-1918.

"Mr. J. C. Shoemaker,

"Dear Father:—

"I thought I would drop you a few lines to let you know that I am well. I guess you are having some fine weather there now. We are having some very nice weather over here. This is certainly a nice country and they keep everything so clean. Well, I guess you have been fishing several times already. What is Newt doing now? Tell him I said he could have that hat I sent home and tell him to write and tell me all the news that is going on in the old "burg," and to send me all the papers for I would sure be glad to get one now. I don't care how old they are, but send them anyhow. I have taken out \$5,000 more insurance, that makes me \$10,000 now. I haven't had any money since we left Camp Merritt and we have not been paid since we left Camp Taylor, but I guess we will get paid soon. I hope so anyway. Tell Bill Burns I would like to see him, and to drop me a few lines, for you can imagine how I would like to hear from the boys back home. Well, I guess they are playing ball there now. I am working in the carpenter shop. I started a few days ago. I don't know how long I will be there but there is plenty of work to do. What is Scott Jones doing now. Tell him I said to drop me a few lines, also tell Hester I would like to have some candy.

BRAYLESS ARMY MULE

POSSIBLE, DUNPHY CLAIMS

Brayless mules are the latest thing in warfare and the veterinarians all over the allied world are trying to fix the good old American army mule so that he will do just as much work as ever and less braying. No braying at all is what the vets are seeking for. The animal surgeons disagree considerably as to how to go about the operation, but Dr. George W. Dunphy insists that a mule can easily be made brayless by the removal of his vocal cords in the larynx. A brayless mule would prove a boon for General Pershing and his men. The average mule on a quiet night has a voice that will carry more than a mile. Under many circumstances this unquestionably gives aid to the enemy.

BUY YOUR COAL NOW

About 2,000 years ago five foolish women were barred from a wedding because they had neglected to buy any oil for their lamps. There were five others who had plenty of oil. They were the early buyers.

The United States Fuel Administration is urging every consumer in the country to follow the example of the wise virgins. As a stimulus to co-operation in this matter, the price of anthracite coal has been reduced 30 cents a ton from April 1 to September 1.

There are two powerful reasons for buying early. One is selfish. The other is patriotic.

You will not only save money by buying early, but you will guard yourself and family from a repetition of the hardships of last winter. The Fuel Administration is doing its utmost to insure increased production of coal. The Director General of Railroads is working to increase the transportation facilities of the Nation. Their combined efforts, however, may be defeated by the recurrence of such weather as prevailed last winter. They will certainly be defeated unless a large majority of the domestic consumers co-operate with them by buying early.

If you order your coal immediately, you will be certain to get your winter supply. IF YOU DO NOT BUY NOW, YOU MAY NOT GET IT, and you certainly will not get any sympathy from your neighbors if you shiver.

There is something much more important than your personal comfort, however, involved in this campaign for early buying.

One hundred million people must be kept warm next winter. Hundreds of thousands of factories, upon which the United States and the entire civilized world depend for the successful prosecution of the war against Prussian autocracy, must be supplied with coal.

The industrial activity of the Nation has resulted in production in excess of our transportation facilities—in other words we are manufacturing more goods than the railroads can carry.

There is only one way to meet the situation. Less freight is moved during the summer months than at any other time. THE COAL MUST BE MOVED IN SUMMER.

If you neglect to buy your winter supply now, you will put an unnecessary burden on the railroads.

Don't say to yourself, "It can't possibly make any difference if I don't buy now." Suppose every one of the 100,000,000 people of the country took that position. What chance do you suppose you would have of getting in your winter coal? What right have you to assume others will buy early? Are they more provident than you? Are they more patriotic? Coal must be provided for the factories, for the locomotives, for the ships, for the men at the front. YOU CAN HELP BY BUYING YOUR COAL NOW. Will you do it? Fill your bins and do your part.

L. G. HOWARD,
Federal Fuel Administrator,
Montgomery County.

SUCCESS.

'Tis the coward who quits to misfortune,

'Tis the knave who changes each day,

'Tis the fool who wins the battle,
Then throws all his chances away.

There is little in life but labor,
And tomorrow may prove but a dream.

Success is the bride of Endeavor,
And luck but a meteor's gleam.

The time to succeed is when others,
Discouraged, show traces of time,
The battle is fought in the home-stretch,
And won 'twixt the flag and the wire.

TO THE SISTER

You were only a kid, little sister,
When I started over the sea,
But you've grown quite a lot since
I came here.

And you've written a letter to me,
And nobody knows that you wrote it,
It's a secret—and we'll keep it
well.

Your brother and you and the ocean,
And nobody's going to tell.

You were only a tot when I left you,
I remember I had you goodby,
And kissed you, a little bit flustered,
And you promised you never
would cry.

But I know that you cried, little sister,

As soon as I'd gone out the door,
And did I cry myself? I'm a soldier,
So don't ask me anything more.

I think of you often, kid sister—
You're the only kid sister I've got,
I know you'll be good to your
mother,

And I know that you'll help her
a lot.

And whenever she seems to be
gloomy,

You've just got to cheer her some-
how.

You were only a kid to your brother,
But you are more than the world
to him now.

SHIPYARD WORKERS TO WIN SERVICE MEDALS

The federal shipping board will
give medals, flags and service
badges to workers in shipyards as
visible evidences that they are aid-
ing in winning the war.

Flags will be given each month
to the three shipyards making the
best records, all factors considered.
First honor will be distinguished by
the shipping board flag combined
with the color blue. Second and
third honors will carry the same
flags combined with red and white,
respectively. Any yard winning
first place three months in suc-
cession will be given a permanent bag.

Gold and silver medals, will be
awarded for unusual and distin-
guished service in connection with
the production of ships. They may
be won not only by shipyard em-
ployes, but by employes of manu-
facturers of all materials and
equipments entering into the ships.

The Leonard Cleanable ONE-PIECE PORCELAIN LINED REFRIGERATOR

Can be cleaned in five minutes

You Can't Have Clean Food Unless You
Have a Clean Refrigerator—

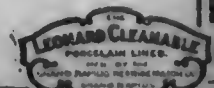

YOU wouldn't of course, eat anything but clean
food. Yet food cannot be clean that has been
in an unsanitary refrigerator. A bad odor in
your refrigerator is always a danger signal.

Zinc or galvanized iron linings for refrigerators are unsanitary. Even
though coated with white paint or enamel, they soon get stained and dis-
colored. Worse still, cracks and scratches develop which fill with grease
and food particles. Thus germs are fostered causing a most unsanitary
condition.

A Leonard Cleanable is made with a one-piece porcelain lining, smooth, pure white, ever-
lasting, just like a piece of china, except that it is unbreakable. This porcelain you cannot pos-
sibly scratch, not even with a steel knife blade. It has no cracks or crevices in which grease
or germs may collect. It is as clean as a china dish and as easily kept clean. Notice how the
Porcelain Lining of the door is made in one piece. Look for the grade-mark shown below.

For your family's sake, learn about the Leonard Cleanable. We want to tell you its many good qualities.
Call and get an interesting booklet, "The Care of Refrigerators." It contains many good points you ought
to know.

"Fine lot of poultry you have there," said the stranger, stopping at the farm gate.

"Yes, I think so," replied the farmer. "Are you interested in poultry?"

"Oh, yes, very much."

"Ever raise any?"

"Yes, indeed."

"Have you raised any particular kind of poultry?"

"Oh, yes."

"What particular kind have you raised?"

Sallie Annie Waddles returned from Little Rock Saturday where she went to see an astrologist to find out when was the best time to get married. She says the astrologist took one look at her and told her to grab the first chance.

Little Willie Howe read an entire medicine and the other night before he realized what an awful risk he was running.

In a column of plate matter that was printed in the Torchlight last week Dr. Dick Ellis read of a church wedding in high life, and the article, in describing the occasion, said the bride marched down the aisle attired in a handsome gown. The doctor says nothing like that could happen in the Rattlesnake Ford church as long as he is a deacon.

WOULDN'T YOU BE SORE?

If, after the boss told you Your vacation would start on June 15,

And you could have two weeks off With pay,

You sat down with paper and pencil And figured out just how much

You had in bank,

And how much the firm would be To the place you intended to go,

Because SHE was going to be there, And you had also figured out

How much the new suit was going to cost,

And the new straw,

And the new "dogs,"

And the silk socks,

And how much you owed on your Liberty bond;

And you had it figured out to a fraction

Which allowed you just so much for entertainment—

The kind of entertainment That costs money;

Wouldn't it make you sore if McAdoo or somebody else

Stepped in and raised the traveling rates,

The Pullman rates and everything, And made it so you couldn't go

Or else would have to make the trip to her

With one of McAdoo's badges of honor

In the seat of your pants? Well, wouldn't it make you

Jolly well peeved? Well, rather it would,

Yes, rather!

Better than metal.
Certain-teed is fast taking the place of metal roofs, not only because of the scarcity and high cost of metal, but because

Certain-teed Roofing

is superior in every important roofing quality. Metal easily rusts and disintegrates from atmospheric gases. Certain-teed cannot rust and its asphalt base makes it practically immune to any form of corrosion. Metal absorbs heat and transmits it to the interior of a building. Certain-teed insulates against heat and cold, and makes the building cooler in summer and warmer in winter. Metal must be painted frequently. Certain-teed gives years of weather-proof service practically without any upkeep expense. Metal is noisy in wind or storm. Certain-teed fully deadens sound from such sources. Metal is not safely guaranteed. Certain-teed is absolutely guaranteed 5, 10 or 15 years, according to thickness, and actually gives longer service than its guarantee. Metal is a direct drain on military materials. Certain-teed is made principally of waste rags and asphalt—materials which have no military use whatever. Certain-teed has proved its efficiency and economy for every kind of roofing service—factories, warehouses, hotels, stores, farm buildings, outbuildings, etc. Certain-teed is more economical and more efficient in service than metal or any other type of roof. Certain-teed is the best quality of roll roofing—it costs no more to lay than ordinary roll roofing and lasts much longer. Sold by dealers everywhere.

TWO BILLIONS SAVED

The most satisfying thing about recent campaigns for war funds is that the number of individual subscribers has increased so rapidly. The average American is in the war to a finish and stands squarely behind the government. Of the 17,000,000 subscribers to the third Liberty Loan 14,000,000 were of the \$100 and \$50 type and the men in mills, shops and factories give to their limit for the Red Cross as cheerfully as those of larger means who bore the brunt earlier. The list of \$50 and \$100 subscribers to the several Liberty Loans is especially significant as showing the rapid awakening of the people:

| | Subscribers | Aggregate |
|----------|-------------|-----------------|
| 1st loan | 3,000,000 | \$ 300,000,000 |
| 2nd loan | 8,000,000 | 800,000,000 |
| 3rd loan | 14,000,000 | 1,400,000,000 |
| | 25,000,000 | \$2,500,000,000 |

Aside from the patriotic showing the most inspiring thing about this is the development in thrift. Within a year families of modest means have put away a nest egg aggregating \$2,500,000,000. Nothing like it has ever been known in America before. Some probably have had to dispose of their bonds but the great bulk is still in the hands of the original owners and instead of breaking

just about even at the end of the year according to the happy-go-lucky custom of the country they now hold a solid investment that will yield steady returns for a period of from 10 to 30 years and will afford a lesson in the value of saving which will have a tremendous effect on the future of the republic.

Film News of The Tabb

The Metro production "Her Boy" starring Effie Shannon and Niles Welsh at The Tabb today is a picture that shows some real camp scenes as several of the scenes are laid at Camp Joseph Johnston near Jacksonville, Fla., and real army life is seen. The picturesque St. John river is also the scene of the parts. Don't miss this one. "The Marriage Lie" for Thursday is said to be a very strong play and one that is sure to please. Kenneth Harlan and Harry Carter have two of the best parts.

"The Wooing of Princess Pat" is a blue ribbon feature to be seen at The Tabb Saturday. This story deals with the dim past and is a most interesting and exciting picture. When one says this is a blue ribbon picture that is a guarantee for the picture.

Read the program in this paper every week and come to see the best pictures obtainable.

TO MY UNCLE

(Emma Cheunault Kelly)
My Uncle is a soldier boy,
A soldier boy is he
Who goes across the ocean wide
To fight for Liberty.

My Uncle is a soldier boy,
A boy in khaki he
Who will turn the Kaiser up side down,
And hang him on a tree.

My Uncle is a soldier boy
A boy in training he
A boy who knows Old Glory,
Stands by him across the sea.

My Uncle is a soldier boy,
A farmer boy was he,
But now he serves for Uncle Sam
Fighting for his country.

1918 REDPATH CHAUTAUQUA PROGRAM 1918

Seven Cheer-Up Days

QUICK to sense the public needs in a year when so many people are planning to take their vacations at home, the Redpath has arranged Seven Cheer-Up Vacation Days for each city on its circuit this season, and offers this Seven Day program for the same price as heretofore, \$2.50, except for 10% War Tax.

You thought when the war broke out that the time to be entertained and inspired had passed; that seriousness and anxious thought must inevitably hold sway.

Miles of Smiles

WHEN the boys began to go to the front this attitude changed. You did not want them to go away in gloom nor to remember your face as one of sadness. In fact, you sent them Smileage Books and invited them to enjoy "Miles of Smiles."

Then you discovered that you could not do your best work in an atmosphere of gloom and suspense and finally concluded that you too need relaxation, entertainment and inspiration if you are to perform your greatest patriotic duties and "Keep the Home Fires Burning."

Keep Up Home Morale

BECAUSE of this, more emphasis has been given to bright, cheery music, gorgeous costumes and scenery, fun and inspiration than ever before.

The Redpath Chautauqua offers you Seven Days of wholesome fun, genuine inspiration, courage, reassurance, just the thing to keep up the Home Morale.

A Patriotic Institution

NOT only this, but the Redpath Chautauqua comes to you as a highly patriotic institution which has helped raise the Liberty Loan, entertained the boys in the cantonments and educated the American people in the principles of Democracy in such a measure that President Wilson has declared the Chautauqua "An integral part of our National Defense."

A War-Time Economy

THE lectures this year will be greater, more timely, more enlightening than ever before, the kind that inspire men to heroism and great deeds.

Therefore, all in all, the Redpath Chautauqua comes to your city to help brighten your life, and serve your community and your country and as a real war-time economy. You cannot afford to miss these Seven Big Cheer-Up Days. Tickets now on sale.

See program for detailed list of vacation attractions.
